BULK SERIES

RETURN ON YOUR INVESTMENT

Hold, deliver and serve complete meals anywhere you want in an efficient, safe and secure manner.

BULK SERIES eliminates the need for holding cabinets, distribution carts and servicing lines so you get a quick return on your investment.

CORRECTSERV 1 Bulk carts have been specifically designed from the ground up to meet the toughest correctional environment's needs and conditions.

SUPER DUTY construction and hardware insure the durability of the cart and the safety of staff and inmates.

CORRECTSERV 1 Bulk carts are simply the most durable in the industry.

SAFETY

Rehabilitation begins with a comforting meal. Keeping the food protected, safe and at the right temperature boosts inmate morale. Good inmate moral keeps both inmates and staff safe.

OPERATOR ORIENTED

All **CORRECTSERV 1** Bulk carts are simple to operate and virtually maintenance free.

- Temperature is preset at the factory or by your maintenance staff as per your requirement.
- Each heated section/well has its own ON/OFF protected switch.
- Each well has a drain to facilitate everyday cleaning.
- The specialty casters make the carts easy to push and manoeuvre.

SMART DESIGN

WallGuard WearFree™ Rotary Corner Bumpers (Patent Pending) protect the carts and the walls.

SUPER DUTY construction and hardware prevent tampering.

Door configuration prevents damages done by prying.

CORRECTSERV 1 Bulk carts meet NSF, ACFSA, HACCP, CSA and UL requirements.

CUSTOMIZE YOUR CARTS

Customize your carts with the multiple available options or create your own custom features.
