THE CLIENT APPROACH

Bring excitement and pleasure to your residents / customers, wherever they are, with the aromas of heart-warming meals.

CORRECTSERV *Glide* carts make each meal a cure for the soul and a feast for the palate.

CORRECTSERV *Glide* BULK carts are mobile units that allow you to hold, deliver and serve complete meals safely and efficiently to any delivery point:

- ▶ Dining rooms, day rooms or bedrooms in hospitals, nursing homes and long term care facilities.
- ▶ Hotels, banquets, convention centers and restaurants.
- ▶ Military base cafeterias, factories, schools and stores.

OPERATOR ORIENTED

All **CORRECTSERV** *Glide* carts are very simple to operate and virtually maintenance free. With less than half the weight of traditional carts and with their special casters, *Glide* carts are the most maneuverable carts in the industry.

CUSTOMIZE YOUR CARTS

All *Glide* carts are available in the color and finish of your choice. The over-shelf, sneeze-guard, collapsible shelves and other options can be added to meet your exact needs.

FLEXIBILITY

One single *Glide* cart can handle cold food and hot food. It can carry soup containers, refill pans, dishes and utensils, as well as trays and beverages.
